RFID4U Announces JETT[®] Training at Fall 2005 Global GEM Partners Conference

Sunnyvale, CA August 29, 2005 – RFID4U, the world's leader in RFID learning solutions, is teaming up with Two Technologies, Inc. to offer RFID training for JETT[®] hand helds at the 2005 Fall Global GEM Partner Conference. The training session will be held at San Francisco's Argonaut Hotel on September 30th.

"It only makes sense that as the leader in RFID training, we would partner with a top company such as Two Technologies," Sanjiv Dua, C.E.O. of RFID4U, said today. "We're very excited to be able to bring specific JETT[®] training to industry professionals."

The full day hands-on session is a special opportunity to learn JETT[®] technologies and applications from today's best senior practitioners /trainers. The training is especially recommended for Systems and Application Architects and Engineers, Hardware and Software Engineers, Solution Providers, Distributors, Systems Integrators, and VARs. Class size is limited to ensure open interaction and individual attention, offering participants:

- RFID basics.
- JETT features and benefits.
- Application development tools and methods.
- Tags and Readers.
- JETT•RFID Reader use instructions.
- Windows CE .NET application development options.
- Methods for developing applications on the JETT•RFID.
- Ways to avoid common mistakes in deploying RFID infrastructure.

Registration includes a free RFID Technical Tool Kit containing the latest updated information on industry standards, white papers, and variety of tags. Those registering before September 16 will receive the discounted rate of \$695. Registrations made after September 16 will be offered at the standard \$895 rate. (Fee includes refreshment breaks, buffet lunch and training material.)

Registrants who are not already a GEM Partner can join for free by visiting <http://www.2t.com/gemprog.htm>. Membership is required to take part in the training and new members will get \$100 mail-in rebate on the Conference registration fee. To view the agenda and register for the conference, visit <http://www.2t.com/training/agenda.htm>. For further information on the GEM Partnership Program, visit <http://www.2t.com> or call 215-441-5305.

About RFID4U

RFID4U (a division of eSmart Source, Inc.) is the partner of choice for suppliers of Wal-Mart, Best Buy, Albertsons, and the Department of Defense, among others. Headquartered in California, RFID4U has assembled a full curriculum of courses to help companies and individuals align technology with business objectives. Vendor-neutral classroom courses, online e-courses, customized on-site trainings, and vendor-authorized courses allow each professional to choose the training that best suits his or her schedule, budget, learning style, and skill level. All courses are taught by senior RFID practitioners/trainers with practicality in mind, offering the techniques and tips that ensure rapid RFID evaluation and deployment. Classes are highly interactive, and participants receive individual attention as well as follow-up assistance in applying the new skills in the real world. RFID4U is a cornerstone member of the CompTIA's Advisory Committee for RFID Certification, EPCglobal member, Microsoft RFID Council member as well as TI Tag-it member.

About Two Technologies, Inc.

Two Technologies, Inc. is the market's leader in cost-effective, customizable hardware solutions.
